ITS UP TO YOU--TO CLEAN UP, GO TO WORK AND BUY A BOND

CLEAN UP WEEK.

Broom and Shovel Brigade Making Fifth Fly This Week.

Pursuant to a proclamation by Mayor A. O. Caruthers, most Hickmanites have joined the broom and shovel brigade and are doing their bit to make Hickman a prettier and healthier town. We note there are yet a few neglected spots and it is to be hoped these will receive attention before the week expires. However, a real clean-up campaign doesn't necessarily stop in one week or a season, unless the town has reached the point where it is clean and can be kept clean. After you have cleaned up, remember--

Do not permit rubbish, greasy rags, paper and useless waste to accumulate in or around buildings.

Do not allow matches kept in your homes, offices and stores in other than metal boxes. Use safety matches.

Do not allow children under ten years of age to use matches.

Do not use lamps and lamp burners that are not clean.

Do not forget to clean your chimneys and stove pipes occasionally.

Do not tamper with or extend electric wires; employ an electrician.

Do not keep gasoline in other than air-tight cans painted red.

Do not fill tank of gasoline stove when lighted and by daylight only.

Do not empty ashes in other than metal cans.

Do not carelessly throw cigar and cigarette stubs where they could cause a fire.

Do not fail to warn your children of the dangerous bonfires.

Most preventable fires originate in neglected rubbish in back yards, attics, cellars, etc. Clean-Up and Paint-Up--make your home and community sanitary, beautiful and safe.

It may not be given to you to found a religion or make a great invention or discover a new continent. But you can make Hickman a cleaner, better place to live in. And by so doing you give a little push to the Chariot of civilization. You become, in a small but important way, a co-worker with Prometheus and Socrates and Plato and Franklin and Watt and Edison, and even Providence itself.

"Clean up and paint up!"

Don't you hear the call?

Indoors and outdoors

Work for each and all!

Clean house--and paint house,

White or brown or red;

Tidy up the back yard

And paint up the shed;

Burn the alley rubbish;

Send the tin can hence

After that--the thought is rich!--

Fix that alley fence!

THRESHER FOR SALE.
AT AUCTION APRIL 29.

Owing to a dissolution of the company, we will offer for sale to the highest and best bidder, on Monday, April 29th, at 2:00 o'clock p. m., at McMurry Bros. barn, 8 miles east of Hickman, and 8 miles north of Union City, one Advance Separator.

This is a self-feed machine, cylinder 36-inch, and is in fair condition. On account of the difficulty in securing machinery, as a result of war conditions, it will pay those interested in a machine of this kind to attend this sale.

Terms made known on day of sale.
R. Y. McCONNELL, Pres.

THE PLAIN TRUTH.

What More can Hickman People Ask?

When well-known and highly respected people of Hickman make such statements as the following, it must carry conviction to every reader:

Tom Dillon, Sr., mayor, says: "A number of years ago my kidneys were disordered and I was bothered by sharp pains across the small of my back. The kidney secretions were too frequent in passage and I had to get up quite a few times at night. On different occasions, the kidney secretions were highly colored and scalded in passage. I used Doan's Kidney Pills and they cured me."

Price 60c, at all dealers. Don't simply ask for a kidney remedy--get Doan's Kidney Pills--the same that Mayor Dillon had. Foster-Milburn Co., Mfgs., Buffalo, N. Y. adv

NEW VAGRANCY LAW-- WILL WE ENFORCE IT?

It matters not whether you are worth 10 cents or \$10,000, if you are between the ages of 21 and 60, you must labor 36 hours each week during the progress of the war. This law was passed by the Kentucky Legislature and has become a law. Hickman has more than her share of triffing, non-working, loafing whites and negroes--and it is now up to the officers to nail them if they fail to get on a job. Will we do it?

If you know of an able-bodied man, between 21 and 60 years of age, who is doing nothing--report him to the officers, regardless of color or financial standing. This law was enacted to get the loafer's goat; there is no room in this country now (except jail) for idlers.

Caleb Powers is out of the race for congress in the 11th district, on account of bad health.

The Hickman caterers have raised the price of ice cream sodas from 10 cents to 15 cents on account of the advanced cost of all kinds of material used in the manufacture of that commodity.

REGISTER BOYS 21

All Draft Calls to Come From Class One Only.

Under the classification of men for selective draft service, President Marshal General Crowder has advised the Senate Military committee approximately 2,000,000 will be placed in class one--from which it is expected all future calls will be taken. These 2,000,000, according to Gen. Crowder, are exclusive of between 500,000 and 1,000,000 more annually. It is estimated, who will be made subject to military duty under the bill now in Congress subjecting to registration youths reaching their majority. The Senate resolution for registration of men who have reached 21 years old since June 5, 1917, has been ordered favorably reported to the House.

From the 2,000,000 men in class one--nearly 20 per cent of the total population in the country--and the additional number secured by new registration, Gen. Crowder has advised the House that it will be improbable calls will go outside of the highest class. Of youths reaching 21 years of age,

under the new legislation, it is believed that at least 90 per cent will be placed in class one.

Plans for the new draft, Gen. Crowder has advised the Senate committee, are somewhat unsettled by the House amendment to the Senate bill, changing basis of quotas from state populations to the number of men in class one, which would give credit to states for all men previously furnished by voluntary enlistment or draft.

Operation of the House amendment, according to Gen. Crowder, would cause much inequality between states in the new draft. Agricultural states, he has advised the committee, would have to furnish the largest new quotas, and it is doubted whether this would be advisable in view of necessity for undiminished food production.

KENTUCKY WHEAT FINE.

The prospect for a wheat crop in Kentucky is better this spring than it has been for years, says the United States Bureau of Crop Estimates. With an unusually large acreage of wheat (552,000) this state also shows at present a remarkably good condition of the crop, being 100 per cent compared to a condition of 65 per cent this time last year.

ELECT TEACHERS.

Three New Teachers on the List for Next Year's Term.

The Board of Directors for the Hickman Public Schools, met Friday night and elected teachers for the school years 1918-19. As some of the present teachers were not applicants for their places again, there are three new names on the list. One of the grade teachers is yet to be named. The following have been elected:

J. M. Calvin, Principal.
Mrs. Lula B. Smith.
Miss Helen Evans.
Miss Annie Sharron.
Mrs. Mary Barbour.
Miss Rufus Seay.
Mrs. Van Fuller.
Miss Lita Earle.
Mrs. Alice Turner.
Mrs. Lena Parham.
Miss Mildred Ramage.
Miss Mattie Mai Seay.
Miss Ola Monan.
Miss Mary Prather.
Miss Vivian Caldwell.
Miss Marguerite Fugate (music).
The new teachers are Miss Mary

Prather, of State Line; Mrs. Lula B. Smith, principal of schools at Corbin, Ky., and Miss Vivian Caldwell, of Hickman.

FEDERAL CONTROL MISSISSIPPI RIVER BOATS FORESHADOWED.

Government control and operation of steamboats on the Mississippi River is foreshadowed by the action of the Federal Government in taking over the shipping interests of the Erie Canal. It was stated by an official in a position of responsibility that the steamboats operating on the Mississippi River may be brought under the jurisdiction of Government control for the duration of the war. Details of what is contemplated on this line await official announcement.

CAKE SOLD FOR \$17.

Mrs. W. S. Fethe gave a cake to the Red Cross and it sold at auction Saturday afternoon for \$17. After Auctioneer J. O. West "knocked it off" the cake was cut and passed around among the bidders.

TOO BAD! TOO BAD!

Every county but two in Western Kentucky, who have voted on the 20-cent tax for road purposes, has turned it down—Fulton and Livingston being the exceptions. The people are afraid of the word, T-a-x. And yet they are the ones who would get the benefit of the good roads. Looks like Ballard is going to outstrip them all on the road question and development. HOUSE REFUSES TO PASS \$2.50 WHEAT PRICE.

Proposed increase of the government guaranteed price of wheat to \$2.50 was defeated in the House which rejected by a vote of 167 to 98 the Senate amendment to the agricultural appropriation bill making the change.

This action sends the question back to conference and the Senate is expected to recede so as not to hold up the appropriation bill.

Under the food control act the price of 1918 wheat was fixed at \$2 a bushel, but by proclamation last February President Wilson filed a minimum guarantee of \$2.20 a bushel at the principal interior primary markets.

OASES OF CHILE'S DESERT.

They Play a Great Part in Development of Nitrate Beds.

Northern Chile, which is a largely mountain or desert, is generally regarded as a forbidding wilderness, but here may be found a number of oases, the most conspicuous of which are Pica and Matilla.

It has been found that in various parts of the great Atacama desert the earth underneath the surface layer of sand or salt is sufficiently moist to grow crops, capillary attraction spreading the water through the soil.

The rainless Atacama desert is the scene of the greatest industry of its kind in the world, yielding enormous quantities of nitrates used to enrich the fields of Europe and the United States.

The oases play a very important economic role in the industries of the region, supplying vegetables and food stuffs for the support of the workmen, alfalfa for the cattle and various fruits, and also serving as timber producers for the nitrate works, which require much fuel.

There is no part of the world where agriculture is more intensively carried on than in these green spots in the Atacama desert.—Zion's Herald.

PARTIAL PAYMENT PLAN FOR LIBERTY LOAN IS POPULAR

WAGE EARNERS MAY OBTAIN
BONDS AND PAY IN WEEKLY
INSTALLMENTS.

THE BANKS AGREE ON FORM

City Workers May Pay Weekly, While
in Rural Communities Systems
Adapted to Needs Are
Being Developed.

The government "partial payment" plan is being adopted by many of the cities and towns throughout the Eighth Federal Reserve District for handling the Third Liberty Loan, which starts April 6. Committees have been appointed in several cities to work out details in connection with the plan. It is thought that no form of subscriptions to be used in the sale of the bonds will reach anything like the aggregate number of subscribers who will take advantage of this method of purchasing.

In St. Louis a committee of bankers has been active shaping arrangements so that purchasers of these bonds will have the privilege of buying them on weekly installments.

F. O. Watts, president Third National Bank of St. Louis and chairman of the Metropolitan Committee of the Liberty Loan Organization for the Eighth Federal Reserve District, is highly enthusiastic over the plan.

During the previous loans, Mr. Watts said, there were approximately 28,000 subscriptions in St. Louis which were taken on a weekly installment plan, but in his opinion that city ought to have 138,000 subscribers to the weekly payment plan. That is the goal set by the present committee for the Third Liberty Loan issue.

Of the 47 banks in St. Louis, 46 have signed up to co-operate in pushing the weekly payment subscriptions, and a uniform contract to govern such subscriptions, approved by the St. Louis Clearing House Association, as well as the banks themselves, has been adopted.

Form Is Adopted.

The form of contract is given below:

The owner of this "Liberty Loan" pass book has agreed to purchase from the bank or trust company named herein the United States Government Liberty Loan Gold Bonds, and hereby agrees to pay for same at face value and accrued interest in installments within 12 months from the date hereof.

Each payment shall be entitled to interest earned at the rate of the said Third Liberty Loan Bonds bear, but no payment shall draw interest prior to the date from which the bonds themselves bear interest and said interest shall be adjusted at the time of surrender of this pass book.

The purchaser may complete the entire payment in less than one year and may pay any amount at any time, except that a minimum payment of not less than 2 per cent per week must be maintained.

In case an issue of Bonds is made bearing a higher rate of interest, and into which this issue of bonds may be converted, the said bank or trust company may at its option exercise the conversion privilege, in which event such increased rate shall accrue to the pass book owner.

If the purchaser shall become delinquent in making regular payments, the said bank or trust company reserves the right to return such payments plus or minus the amount representing the difference between the market value and the par value of the bonds. This pass book shall not be negotiable, and must be presented when payments are made.

By the acceptance of this pass book the owner thereof accepts and assents to these terms and conditions.

The pass books and deposit tickets for the 46 St. Louis banks have been ordered and will be distributed to the participating banks sometime next week. The Publicity Committee is co-operating with the Publicity Committee of the Central Organization, and it has been arranged to cover the field from every angle of advertising.

Special copy for street cars, factory cards, billboards, newspapers, magazines, direct-by-mail circulars and window cards are being prepared, so that the duty as well as the opportunity of every American citizen will be carefully brought home to the people.

Callaway County Adopts.

Not only in the large cities throughout the Eighth Federal Reserve District will the "partial payment" plan be adopted, but in smaller cities and communities as well. In Callaway County, Mo., the Bankers' Association has already appointed a committee to work out a plan suitable for the banks there.

In this busy age many buy their homes, automobiles, planes and talking machines on the installment plan. Uncle Sam says, Why not buy government bonds in this manner? We can whip the Germans with our money, but not with the money in our pockets or bank accounts. It must go into the United States treasury in subscriptions to Liberty Bonds.

To win this war quickly and decisively, it is necessary to enlist the cooperation of people of all classes and occupations, and there can be no better way to do this than by effecting a general participation in the investments by which the government will finance our fighting forces.

Will Sell Farm for Bonds.

A farm in exchange for Liberty Bonds is the offer which has been made by G. L. Campbell, a real estate dealer of Hopkinsville, Ky. Further, Campbell states positively he will not take money of the usual kind for the farms—it is Liberty Bonds or nothing.

Military Necessity Calls for Greater Sacrifice Here—Allied War Bread Must Be Maintained—Our Soldiers and Sailors to Have Full Allowance.

If we are to furnish the Allies with the necessary proportion of wheat to maintain their war bread from now until the next harvest, and this is a military necessity, we must reduce our monthly consumption to 21,000,000 bushels a month, as against our normal consumption of about 42,000,000 bushels, or 50 per cent. of our normal consumption. This is the situation as set forth by the U. S. Food Administration at Washington. Reserving a margin for distribution to the army and for special cases, leaves for general consumption approximately 1½ pounds of wheat products weekly per person. The Food Administration's statement continues: Many of our consumers are dependent upon bakers' bread. Such bread must be durable and therefore, requires a larger proportion of wheat products than cereal breads baked in the household. Our army and navy require a full allowance. The well-to-do in our population can make greater sacrifices in the consumption of wheat products than can the poor. In addition, our population in the agricultural districts, where the other cereals are abundant, are more skilled in the preparation of breads from these other cereals than the crowded city and industrial populations.

With improved transportation conditions we now have available a surplus of potatoes. We also have in the spring months a surplus of milk, and we have ample corn and oats for human consumption. The drain on rye and barley, as substitutes, has already greatly exhausted the supply of these grains.

To effect the needed saving of wheat, we are wholly dependent upon the voluntary assistance of the American people and we ask that the following rules shall be observed:

1. Householders to use not to exceed a total of 1½ pounds per week of wheat products per person. This means not more than 1½ pounds of victory bread containing the required percentage of substitutes and one-half pound of cooking flour, macaroni, crackers, pastry, pies, cakes, wheat breakfast cereals, all combined.

2. Public eating places and clubs to observe two wheatless days per week, Monday and Wednesday, as at present. In addition thereto, not to serve to any one guest at any one meal an aggregate of breadstuffs, macaroni, crackers, pastry, pies, cakes, wheat breakfast cereals, containing a total of more than two ounces of wheat flour. No wheat products to be served unless specially ordered. Public eating establishments not to buy more than six pounds of wheat products for each ninety meals served, thus conforming with the limitations requested of the householders.

3. Retailers to sell not more than one-eighth of a barrel of flour to any town customer at any one time and not more than one-quarter of a barrel to any country customer at any one time, and in no case to sell wheat products without the sale of an equal weight of other cereals.

4. We ask the bakers and grocers to reduce the volume of Victory bread sold, by delivery of the three-quarter pound loaf where one pound was sold before, and corresponding proportions in other weights. We also ask bakers not to increase the amount of their wheat flour purchases beyond 70 per

POTATOES CHEAP NOW.

MAKE POTATO BREAD.

Potato Bread—Three pounds boiled and peeled potatoes (equivalent to three and three-fourths pounds water and three cups flour), two and one-fourth pounds bread flour, three tablespoonfuls sugar, four tablespoonfuls salt, one and one-half tablespoonfuls yeast, two cakes compressed yeast.

Clean thoroughly and boil without paring 12 potatoes of medium size, allowing them to become very soft. Pour off the water, peel and mash the potatoes while hot, being careful to leave no lumps. Take three pounds or five solidly packed half-pint cups of mashed potatoes and when at the temperature of lukewarm water add to it the yeast, rubbed smooth with three tablespoonfuls of warm water. Rinse the cup in which the yeast was mixed with another tablespoonful of water and add to the potato. Next add the salt, the sugar and about four ounces of the flour or one scant half-pint of sifted flour. Mix thoroughly but do not add any more water at this stage. Let this mixture rise until it has become very light, which should take a

bout two hours if the sponge is at a temperature of about 86 degrees Fahrenheit. To this well risen sponge which will not be found to be very soft, add the remainder of the flour, kneading thoroughly until a smooth, elastic dough has been formed. The dough must be very stiff, since the potato contains a large amount of water which causes the dough to soften as it ferments, therefore add no more water to the dough unless absolutely necessary. Set back to rise until it has trebled in volume, which will require another hour or so. Divide the dough into four parts, mold them separately and place in greased pans which have been warmed slightly. Allow the loaves to rise until they have doubled in volume, and bake 45 minutes at a temperature of 400-425 degrees Fahrenheit. This recipe makes four one-pound loaves.

HOW TO AVOID BACKACHE AND NERVOUSNESS

Told by Mrs. Lynch From Own Experience.

Providence, R. I.—"I was all run down in health, was nervous, had headaches, my back ached all the time. I was tired and had no ambition for anything. I had taken a number of medicines which did me no good. One day I read about Lydia E. Pinkham's Vegetable Compound and what it had done for women, so I tried it. My nervousness and backache and headaches disappeared. I gained in weight and feel fine, so I can honestly recommend Lydia E. Pinkham's Vegetable Compound to any woman who is suffering as I was."—Mrs. ADELIN E. LYNCH, 160 Plain St., Providence, R. I.

Backache and nervousness are symptoms or nature's warnings, which indicate a functional disturbance or an unhealthy condition which often develops into a more serious ailment.

Women in this condition should not continue to drag along without help, but profit by Mrs. Lynch's experience, and try this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound—and for special advice write to Lydia E. Pinkham, Med. Dept., Lynn, Mass.

1200 HAVE QUIT BUSINESS. RESULT OF WAR CONDITIONS.

Twelve hundred weekly papers in the United States have suspended publication during the year and hundreds of others are on the verge of suspension. In the cities consolidations continue and many papers operated by independent capital have passed out of existence. No other line of business has been so adversely affected by war conditions. With no hope of recouping increased cost of operation with an advance either in subscription or advertising rates, even those papers fairly secure are facing a situation far from encouraging to say the least of it. As costs mount, being denied protection from the Paper Trust by the United States Senate, publishers of small weeklies and dailies are wondering if the struggle is worth while. They alone have not profited by reason of the war or can hope to.

But there is another angle from which to view the matter, and in this view the public is vitally interested. With the metropolitan press being taken over by big business and the country weeklies, the backbone of popular government, suspending by hundreds, where are we to go for a liberal press? Through what medium will democracy express itself? These questions are addressed not alone to advertisers, but to those worthies at Washington, who, refusing protection to country papers in their fight against extortion, will yet call loudly for their help in the years to come. They are big questions, not affecting individual publishers here and there, but to be considered as vital to the nation.—The Mercury, Paris, Mo.

We have in our showrooms one Maxwell truck, one roadster with all-weather top, and several touring cars, for immediate delivery.—Wright & Parrish, Dealers.

CAN NOT SOME KENTUCKY TOWN BEAT THIS ONE?

The town of Benton, Missouri, with a population of 320, has subscribed for \$37,000 worth of War Savings Stamps, through the efforts of Rev. Father J. P. Fitzkam, of St. Dionysius Parish. State Director Wade says that if any American community has made a better record than this he would like to know of it.

SOCIETY PLAN IS GOOD

STATE COMMITTEE ON WAR SAVINGS HOPES TO EXCEED QUOTA.

Every Store, Office and Factory in Kentucky Should Organize and Pledge Part of Pay Roll For Thrift Stamps.

War Savings Societies, organized in every factory, every store, every office, and every place where groups of people assemble to make their living, are relied upon by the War Savings Committee for Kentucky, not only to assure the over-subscription of this State's share of the \$2,000,000,000 issue of War Savings Stamps, but point out the way to raise money, now and all the time, for the successful prosecution of the war.

In brief, the War Savings Society plan is this:

Employees of any office, store or factory sign a pledge card to save a certain proportion of their incomes and invest in Thrift or War Savings Stamps.

Where the establishment is large, separate societies are formed in each department.

The proprietor or manager signs a pledge to purchase War Savings Stamps to the full amount allowed by law, which is \$1,000 worth, maturity value, in the course of the year. Other employees sign a pledge to purchase, according to their means, from the maximum amount down to one Thrift Stamp, or maybe two, each pay-day, by the office boy.

A secretary-treasurer is then chosen, whose duty it is to see that the stamps are on hand when pay-day comes around, and that the employees purchase them according to their agreements.

One advantage, from the standpoint of the employer, is the extreme simplicity of the plan. He does not have to "carry" his employees, as is the case where bonds are purchased on the installment plan. He has no expensive bookkeeping to install, for the delivery of the Stamp or Stamps each pay-day is a complete transaction. When the Stamp is handed out and the money taken in, his responsibility ends. There is no larger preliminary investment. The employer can send to the postoffice the day before pay-day, buy Stamps he knows his employees are going to take the next day, and get his money back practically immediately. The employer is not "stuck" with the bonds his employees have, in a moment of patriotic fervor, or under compulsion, signed for and later found themselves unable to pay for.

From the standpoint of the employee, the War Savings Society plan is even more valuable. It induces people to save something and put it away for a rainy day. The savings can be of any amount, but they must be regular.

OUR BANK STATEMENTS.

In this issue will be found the statements of our two local banks. We do not hesitate to say these are the cleanest and best statements we've ever seen made by these financial institutions, to say nothing of the splendid increases made over previous years. Evidently, both the patrons and banks are getting down to a better business and working basis; the banks eliminating overdrafts and the public learning the innumerable advantages of a bank account.

WOMEN TORTURED.

Suffer terribly with corns because of high heels, but why care now.

Women wear high heels which buckle up their toes and they suffer terribly from corns. Women then proceed to trim these pests, seeking relief, but they hardly realize the terrible danger from infection, says a Cincinnati authority.

Corns can easily be lifted out with the fingers if you will get from any drug store a quarter of an ounce of a drug called freezone. This is sufficient to remove every hard or soft corn or callus from one's feet. You simply apply a few drops directly upon the tender, aching corn or callus. The soreness is relieved at once and soon the entire corn or callus, root and all, lifts out without one particle of pain.

This freezone is a sticky substance which dries in a moment. It just shrivels up the corn without injuring or even irritating the surrounding tissue or skin. Tell your wife about this.

More Than 400 Farmers in Kentucky Alone Are Planting My

SEED CORN

Neal's Paymaster

Germination Guaranteed 95 per cent. or Better

Neal's Paymaster is the answer to the Government's request to grow more corn. It is sure cropping, heavy producing, early maturing. This year's crop depends upon the seed you plant. Don't take chances with untested or low testing, unknown varieties. Be advised by farmers who say that they would have averaged twelve bushels more per acre had they planted Neal's Paymaster. On a forty acre field that means \$1,000 more profit for you.

HERE IS NEAL'S PAYMASTER'S 1917 RECORD

Highest 1917 record for Maury, my home county—122½ bushels. Made by Mr. Will Calvert.

On a number of other farms, the average was upwards of 100 bushels.

Mr. Hill McKibbin, on a large field, averaged 90 bushels.

The Seed Corn I am offering you is all from the Calvert and McKibbin farms.

SOME MORE OF MY CUSTOMERS:

Middle Tennessee Experiment Station, after test showing 100 per cent germination, bought 30 bushels of Neal's Paymaster.

Hundreds of Farmers, besides those in Kentucky, in the twenty-five great corn growing states.

Neal's Paymaster is the standard two ear corn. White grain, small red cob, medium stalk, matures in 100 to 110 days. Uniformly makes large yield.

Your order will be shipped within 24 hours after receipt of order. No waiting for carload order. No uncertainty. No red tape. No depending upon Boards that have to go out and buy the corn after they get your order. No uncertainty as to variety. I have the corn on hand and I sell you the incomparable Neal's Paymaster, the great two ear corn, guaranteed 95 per cent germination. The highest testing seed corn on the market. AGED LADY DEAD.

Mrs. Martha Burrus Passes Away at the Age of 82 Years.

One of Fulton county's oldest citizens has passed away. Mrs. Martha Burrus, 82 years old, died Saturday morning at 9:30 o'clock at the home of her daughter, Mrs. Don Corum, of this city. Stomach trouble and the infirmities of advanced age are given as the cause of her demise.

Deceased spent practically the whole of her life in this immediate vicinity, being born in the Woodland Mills section. She was the widow of the late Dan Burrus. This good old lady is survived by the following children: Mrs. D. C. Corum, Hickman; Dr. Geo. Burrus, Woodland Mills; J. J. Burrus, Dumas, Ark.; Swan Burrus and Mrs. G. B. Brasfield, Hickman; also two sisters, Mrs. Geo. Connor and Mrs. D. Downing, of Tiptonville, Tenn.

Funeral services were held at Poplar Grove church Sunday afternoon by Rev. H. M. Crain, of Hickman, and Rev. Huey, of Martin, Tenn., and the remains laid to rest in the Poplar Grove cemetery.

Mrs. Burrus was a charter member of the Woodland Mills Baptist church, and followed faithfully the teachings of her Savior. Her life was one continuous example of Christian womanhood and she was loved by all who knew her. While she lived to a ripe old age, her death, nevertheless, comes as a great shock to her many loved ones and friends.

HIGH SCHOOL BALL TEAM. GAME FOR TOMORROW.

The boys of Hickman High School have organized for the first time probably in the school's history, a baseball team, with the following line-up:

David Oliver (Capt.), 1st base. Marshall Walker, catcher. Will Thomas, pitcher. Jas. Bondurant (Mgr.), 2nd base. Henry Binford, short-stop. Harry Barry, center field. John A. Stubbs, right field. William Cook, left field. Lee Walker, 3rd base.

Roger Burrus and Harvey Wilson, subs.

They will have a game at Fulton Friday.

Ark. are visiting Hickman relatives. They will leave for home next week, and will be accompanied by his father Geo. Brasfield, who will spend a few days with them.

ALMONT.

Pedigree and Description:

This fine stallion, Almont, is 9 years old, 16 hands and 1 inch high, is a rich blood bay of fine conformation and a natural saddle horse. He was sired by Bedford, he by Duplex, of Murfreesboro, Tenn.

He will make the present season at my stable 3 miles north of Woodland Mills, and 5 miles southeast of Hickman, at \$15 to insure a foal. Money due when fact is ascertained or property is transferred. I especially invite stockmen to see my stock before breeding elsewhere.

BLACK PRINCE.

Black Prince was sired by Satin, he by Jordan's Hancock. First dam by Lookout, 2nd dam by Imported Paragon.

He is coal black with white points and a fine breeder. Terms to insure \$10.

REUBEN.

Reuben is a fine jack, which will also make the season at my stables. Terms to insure, \$10.

JOHN BRASFIELD.

John is a good young jack that will be given limited service. Terms to insure, \$10.

All above stock will make the season on same conditions as Almont. Care taken to prevent accidents, but will not be responsible should any occur.

This is the same stock owned by B. T. Banton, of Obion County, Tenn., and made the season of 1917 at Brasfield Bros. stable. I also have the books of Brasfield Bros. Anyone wishing to settle for 1917 season can do same at my stable.

50c SHIRTS WILL COST \$2.

A local merchant tells us it is only a question of a short time until the ordinary, blue work shirt—the kind you've always bought for about 50c—will be selling for \$2. The merchant formerly bought these shirts at \$4 a dozen, but a traveling man this week quotes them at \$16.50 wholesale, and did not beg the merchant to buy. In fact, he said they would be 25 percent higher in a few months. The astounding feature of the whole thing is: the Fulton county cotton grower sells enough raw cotton for 25c to make this shirt.

Another example of profiteering is the ordinary brown domestic. Thirty cents worth of raw cotton—after is is converted (spun into cloth) now costs the consumer 92c. And, still, some congressmen have nerve enough to want to cut the price of raw cotton to 20c a pound—while the profiteering spinners and brokers continue their wholesale graft.

Let Your Dollars Be Patriots!

THIS war is a test of a democratic Government. It is also a trial of democracy as to its fitness to survive. A small group of autocrats within whose hands are the resources of Central Europe are attacking the principle of the right of people to govern themselves. Should the United States and its allies fail in this war there will not remain on earth a people absolutely independent of the dictation of the Teutonic empires, organized for military efficiency and bent on using that efficiency for the purpose of forcing their will upon the world. Let the Teutons triumph and the world will not be a safe place for democracy, and to make it such a safe place, is not only the expressed purpose of the United States in taking up the challenge of the Huns, but also the purpose of the other powers who took up the challenge when Germany sent it forth three years and a half ago, and who for three years and a half have borne the burden of the conflict.

For this reason the PRESENT BUSINESS OF THE UNITED STATES IS WAR—war to exterminate organized unrighteousness and to establish peace among the nations of the world.

The Government has perfected a plan which will enable all of our people without exception, to take a definite part in winning the war.

One of the first great steps called for by the Government is—SAVING. The American people must cease to require all of the pleasant and comfortable luxuries which they consumed before the war, the production of which calls for the energy of millions of men and women. These men and women must devote themselves to the production of the things which are needed to win the war. This is the key to the present situation; it rests in the hands of the average man, woman and child in every state in the Union, by refraining from everything not absolutely necessary to health, and efficiency, to release strong arms for the production of materials of war to support our army and navy.

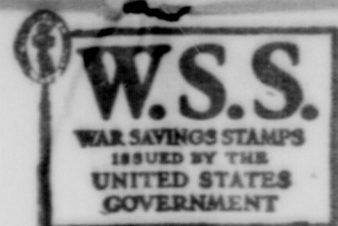

Idle dollars are SLACKER dollars, but dollars spent for unnecessary articles, the production of which require labor and materials which the government needs to save the lives of our fighting men, are TRAITOR dollars.

RED CROSS LADIES FEED HUNGRY MASONS AT MOSCOW.

The ladies of the Red Cross served a sumptuous and elegant supper at Moscow yesterday evening for the Royal Arch Masons, who held an afternoon and night session for conferring degrees. It was a real banquet, served par excellence, and every weary sojourner, who has rested beneath the lofty trees at Succoth, has a warm place in his heart for these good ladies. There was chicken, country ham, goodies, etc.—and so on in super abundance.

That hungry bunch:

Youth.
Youth is not a time of life. It is not a matter of ripe cheeks, red lips and supple knees; it is a temper of the will, a quality of the imagination, a vigor of the emotions. It is the freshness of the deep springs of life. Nobody grows old by merely living a number of years. People grow old only by deserting their ideals. Years wrinkle the skin; but to give up enthusiasm wrinkles the soul.—Dr. Frank Crane.

Judge Charles W. Coleman of Goshen, N. Y., who was twenty-one and who has been in continuous service for forty-six years resigned recently.

Geological survey statistics show that 75,167,672 gross tons of iron ore were mined in the United States last year, the greatest amount on record, an increase of more than 19,000,000 tons from the previous year.

The biggest air-raid dug-out in England has just been opened to the public for use during air raids. It will accommodate 20,000 persons. The dug-out is really an unfinished railway tunnel, 100 feet underground, on which work was discontinued at the beginning of the war. It is electric lighted and seats have been provided for 2,000 persons.

GRACEFUL COAT OF TAFFETA

We may go to what lengths we will in coats of taffeta—there is plenty of silk within reach and, so far, no ban on using it. A handsome long coat of graceful cut and graceful lines is shown in the picture, embellished with a rich embroidery which is put on in bands across the wide collar and about the sides and back above the hem. In the back it conceals its fullness by deep inverted plait, but in the front scorns to dissemble and is frankly full.

DOCTOR SAYS VINOL IS THE BEST TONIC

Honest Opinion Doctor Gave
His Patient

Bedford, Ohio.—"I was in a pitiful condition, weak, nervous and run down so I could not do my housework. I had doctored for years and tried everything under the sun. A friend told me about Vinol. I asked my doctor about it, and he replied, 'It certainly is the best medicine that can be had today. I couldn't give you any better.' I took it, and today I am as well and strong as any woman could wish to be, and it was Vinol that saved me."—Mrs. Frank A. Horkey, Ash St., Bedford, Ohio.

We guarantee this famous cod liver and iron tonic for all such conditions.

KENTUCKY HEADS LIST.

In the big Liberty Loan drive, the St. Louis district, of which Kentucky is a portion, has already gone over the top in selling bonds—and our state stands at the head of the list. The poorest showing in the United States is made by the Atlanta district, which has sold only 18 per cent of its quota. Hurrah for Kentucky!

Locally we are mopping up. Leading employers are assisting their employees in buying bonds by lending them the money and letting them pay it weekly or monthly. On the 2,000-acre plantation owned by Syd. L. Dodds every employee and tenant, white and black, over 100 in number, has purchased bonds, many of them coming back a second time and paying cash. The Mangel Box Co., which employs about 500 men, is doing the same thing and nearly every man in its employ has taken one or more bonds.

The Quinine That Does Not Affect the Head Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE, Inc.

Railroad employees are expected to get a raise of about 20 per cent in wages about May 5th, with back pay from Jan. 1st. This means the cutting of a melon worth \$250,000,000.

CAYCE NEWS.

Miss Eula Roper returned Tuesday from a visit with her sister, Mrs. Myatt Johnson, at Hickman. Miss Alice Underwood came Wednesday for few days' stay with Mrs. Will Cloys. Mr. and Mrs. Morris Gordon spent Thursday afternoon with Mrs. Joe Nailling. Herschel Bradley was here from Union City Saturday. Mrs. C. W. Chrlin, of Hickman, spent Thursday with Mrs. A. W. Fowler. Mr. and Mrs. H. Burns went Saturday to visit their daughter, Mrs. Hugh Cruce. They returned Sunday. Mr. and Mrs. Arch Bailey came Thursday to see her sister, Mrs. Will Cloys, who is slowly improving after a serious illness. Joe Nailling is spending a few days with home folks. Julia Roper spent Monday night with Mabel Mayfield. Frank and Joe Wall are at home for a while. Mack Seacree has been real sick with pneumonia, but is now able to be up. Miss Effie Aswell is spending a few days with her sister, Mrs. Tammage Corum. Mr. and Mrs. Jim Boone, Miss Jessie Campbell and Mrs. Cecil Burnett spent Monday night with Mrs. C. L. Bondurant and attended the school exercises. The High School pupils had their closing exercises Monday, which were very much enjoyed by all. It was also a financial success, the proceeds amounting to about \$45. The principal, Prof. I. L. Arnold and wife, left Wednesday. We hope to have them back when vacation is over. The pupils of Misses Williams and Richardson will entertain Thursday night, and Prof. Sugg's Friday night. Everybody invited. One of our faithful colored women, Aunt Lilla Edwards, died last Friday night of pneumonia and was buried here Saturday. She will be missed by both white and black.

CIRCUIT COURT

Will Convene Here Monday Week.
Big Docket This Term.

Circuit Court will convene at Hickman on Monday, May 6th, with a large docket for the term. There are 65 appearance cases, 156 continued civil and 95 commonwealth.

Under Judge Gardner's plan of conducting court, juries must report the first day of court, and it will have to be a valid excuse for non-attendance that Judge Gardner will countenance hereafter.

The most important cases—commonwealth—for the coming term are:

Robt. Sanford, murder.

Jim Kirk, forgery.

Homer Johnson, false swearing.

James Mitchell (in pen), malicious shooting.

Bernie Cleaves, carrying concealed deadly weapon.

Herman Yates, gaming.

Charlie Lorane, violating local option law.

Doe Wallace, same.

Marvin Shroute, same.

G. B. Terrett, injuring a fence.

Harry Davis, common nuisance.

Allen Archie, breach of the peace.

Lloyd Langston, carrying concealed deadly weapon.

Joe Allen, common nuisance and drawing deadly weapon.

Elsie Gildewell, breach of peace.

Lee Salmon, disorderly conduct while in office.

Chas. Curtin, grand larceny.

Deck Ferguson, recklessly driving a car.

L. S. Snow, drawing deadly weapon, etc.

Pater Patterson, gaming.

EVER SALIVATED BY CALOMEL? HORRIBLE!

Calomel is quicksilver and acts like dynamite on your liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dobson's Liver Tonic, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not sallow.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dobson's Liver Tonic straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe. adv

TYLER DANGEROUSLY ILL.

R. A. Tyler has been dangerously ill for several days and is still in a critical condition. Complications have developed which leads his attending physician, Dr. J. M. Hubbard, to entertain very little hope for his recovery; but a change for better or worse must come within the next day or so.

WILL HOLD FLAG RAISING CEREMONY NEXT SUNDAY.

On account of bad weather, the flag raising, which was to have been held at the Court House last Sunday afternoon, was postponed until the coming Sunday, at which time, too, we will have with us 28 drafted boys, who are to leave the following Monday. This will bring a crowd together and make a better affair around.

The program to be rendered on this occasion (3:00 o'clock in the afternoon) is as follows:

Raising of Flag.

Song—Star Spangled Banner.

Address—Judge E. J. Stahr.

Song—What Kind of an American Are You?

Patriotic Address—Judge W. V. Gregory.

Song—America.

Closing Prayer—Rev. W. F. Renneberg.

Master of Ceremonies—H. T. Smith.

D. P. Leibovitz left last night for Louisville to see his brother, Pete Leibovitz, who is expecting to go "some where" soon.

You must see the new Walk Over and Stacy Adams Oxfords to appreciate good styles and values.—Leibovitz.

New Parasols and BAGASOLS—ideal gifts for graduation. The girls will like them.—Dobson's.

Suit, Hat and Oxford styles just as the men and young men like them at Leibovitz's "Live Store."

CUT OUT WATER AND LIGHT AFTER APRIL 30th.

Our neighboring city of Clinton seems to be in the middle of a bad fix on account of the water and light company serving notice that they would discontinue service. The trouble is a disagreement between the city council and the corporation—both standing pat. Obviously, it would be a blow to the town to have the threat carried out. Business men say they will leave when that happens, as it would be hard to get insurance, and the town would be both dark and dry. The plant is to close down April 30th.

THE BIBLE INSTITUTE.

The Bible Institute at the First Baptist church was not largely attended, owing to the condition of the roads. Rev. E. F. Adams, of Fulton, and several of his members attended and contributed to the success of the meeting. Rev. Earl Gooch, of Martin, spoke on the Sunday School as an opportunity for evangelization. The Hickman church had provided amply for the comfort of their visitors.

THE PLAIN TRUTH.

What More can Hickman People Ask?

When well-known and highly respected people of Hickman make such statements as the following, it must carry conviction to every reader:

Tom Dillon, Sr., mayor, says: "A number of years ago my kidneys were disordered and I was bothered by sharp pains across the small of my back. The kidney secretions were too frequent in passage and I had to get up quite a few times at night. On different occasions, the kidney secretions were highly colored and scalded in passage. I used Doan's Kidney Pills and they cured me."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mayor Dillon had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. adv

It is practically impossible to secure certain drugs, chemicals and other things which form a certain part of the druggist's stock. The same is true of many lines of imported toilet goods.

HICKMAN, KENTUCKY

The President's Proclamation!!

An enemy who has grossly abused the power of organized government and who seeks to dominate the world by the might of the sword, challenges the rights of America and the liberty and life of all the free nations of the earth. Our brave sons are facing the fire of battle in defense of the honor and rights of America and the liberty of nations. To sustain them and to assist our gallant associates in the war, a generous and patriotic people have been called upon to subscribe to the Third Liberty Loan.

Now, therefore, I, Woodrow Wilson, President of the United States of America, do appoint Friday, the twenty-sixth day of April, one thousand nine hundred and eighteen, as Liberty Day. On the afternoon of that day I request the people of the United States to assemble in their respective communities and liberally pledge and their financial support to sustain the nation's cause. Patriotic demonstrations should be held in every city, town and hamlet throughout the land under the general direction of the Secretary of the Treasury and the immediate direction of the Liberty

Loan committees organized by the Federal reserve banks. Let the nation's response to the Third Liberty Loan express in unmistakable terms the determination of America to fight for the peace, the permanent peace of justice.

For the purpose of participating in Liberty Day celebrations all employees of the Federal Government throughout the country whose services can be spared may be excused at 12 o'clock noon, Friday, the twenty-sixth day of April.

In witness hereof, I have hereto set my hand and caused the seal of the United States to be affixed.

Done in the District of Columbia this eighteenth day of April, in the year of our Lord, one thousand nine hundred and eighteen, and of the independence of the United States of America, one hundred and forty-second.

Robert Lansing,
Secretary of State.

WOODROW WILSON,
By the President.

Now is the time for our patriotism to show

We have received the challenge, "Will this city do its' part?"

The President has set aside Friday, April 26th, as Liberty Day.

Our city has set the day aside as Judgment Day.

It will be the day upon which every citizen will judge the patriotism of his neighbor.

The advertising for the Third Liberty Loan in this city has been made possible through the patriotism of the following firms, who have generously contributed the space in which the advertising will appear:

It will also be the day when every townsman must pass judgment upon himself.

Your neighbor will pass judgment on you by the evidence you show—by the button wear or the honor flag in your window.

You will pass judgment on yourself by the knowledge that you have or have not done your full duty.

No man who has merely made a convenience subscription can possibly "get by" if he honestly asks himself "Have I done all I should?"

No man who has bought less than he can save and pay for can square himself with his conscience.

No firm which has made large profits can ever justify itself if it refuses to buy to the limit.

No firm which carries a large balance in the bank can justify itself for refusing to invest a substantial part of its reserve in Liberty Bonds.

No firms or individuals can justify a refusal to buy less bonds than they would buy if the facts were made public.

Note President Wilson's words, "Liberally pledge ANEW." There is the opportunity for the man or firm who has understood to pledge ANEW—to make a second subscription that will measure up to his ability. It is also the opportunity of the man who since he subscribed has found another way in which he can save and thus buy an extra bond.

We will observe Liberty Day by working harder than ever to sell bonds—we will

Sell—Then Celebrate

Every home in the City will be visited on Liberty Day. Every person will be given an opportunity to buy Liberty Bonds.

No one will be missed. These men will carry Honor Flags to be put on your window, so that after Friday your neighbors will know if you have bought a bond.

Talk it over in the family circle and decide how big a bond you will buy—then be sure to have on hand the exact change to make the first payment (\$2.50 on a \$50 bond—\$5.00 on a \$100 bond.)

You will be given an official receipt which will be accepted at any bank at the face value as first payment on your bond. Be ready when the men come, and you will save your time and theirs.

Remember, you don't have to pay for all of your bond now; you can arrange with your bank to pay for it with as little as a dollar a week if you wish.

IT'S TIME WE KNOW WHERE EVERYBODY STANDS.

McConnell, in the house just vacated by Mr. and Mrs. Sanger, next door to Dr. H. E. Prather's—Union City Commercial.

BIG SUPPLIES OF FLOUR MUST BE DISGORGED.

H. T. Smith, Food Administrator of Fulton county, says that in compliance with instructions from the government, all persons having on hand flour in excess of the amount allowed, will have to disgorge the surplus—sell it at the price fixed. He has already learned of several people, who have from five to twelve barrels stored away, and those having excessive quantities will have to take cash and let the flour go.

He is also investigating cases where flour substitutes are being used for chicken feed, which thwarts the purpose of the government in establishing the 50-50 rule.

LEMON JUICE IS FRECKLE REMOVER.

Girls! Make this cheap beauty lotion to clear and whiten your skin.

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how, clear, soft and white the skin becomes. Yes! It is harmless. adv.

Keep Well

Do not allow the poisons of undigested food to accumulate in your bowels, where they are absorbed into your system. Indigestion, constipation, headache, bad blood, and numerous other troubles are bound to follow. Keep your system clean, as thousands of others do, by taking an occasional dose of the old, reliable, vegetable, family liver medicine.

FOR SALE CHEAP

Owing to the fact that I have land interests in Oklahoma that require my personal attention, I have decided to offer for sale all of my Hickman property; also a farm at Miller, in this county. In order to sell quick, I will put prices on this property that will move it.

This is a picture of my Hickman residence, located on the "hill" and in one of the best sections of town. It contains 10 rooms, electric lights, bath, furnace, basement, and all modern improvements. Will sell cheap.

My farm at Miller, Ky., contains 164 acres, 90 of which are in cultivation and the remainder deadened, 3 houses and large barn, about 100 yards from R. R. station. This place is a good one; highly productive and will make the owner good money.

Will also sell my wholesale business in West Hickman—both stock and building.—There are no "stickers" in this stock—all clean saleable merchandise. The brick building is about 80x80 feet, erected in 1912, located on sidetracks, and is a desirable location for many lines of business. Will sell right.

Also 5 residences in West Hickman. All good rental property—each residence has electric lights and city water. Right terms to right party.

If interested in any of this property, I shall be glad to show you. Write or call

A. S. BARKEETT, Hickman, Ky.

GET YOUR WAR GARDEN from this CASE

Go to your dealer to-day and select your Pakro Seedtape and Seeds. Don't put it off because your garden this year is going to be a factor in winning this war. All the food possible must be shipped abroad to our boys "over there"—to the Allies. Right now the most important thing that you can do is to get your war garden under way. To delay is to neglect. And your garden this year must be planted so that there is no guess work about results. It must be planted expertly, scientifically.

Pakro Seedtape will help you to have a better, a more efficient garden. It is the scientific way of planting. The seeds are evenly and accurately spaced in a thin paper tape. And a whole row is planted at a time, resulting in straight rows of evenly spaced plants. Thinning out is practically eliminated.

Pakro loose seeds are the same Quality Seeds that are in the tape. These seeds are thoroughly tested and selected from the very best stock. A Pakro Garden, either Pakro Seedtape or Pakro Loose Seeds, is a successful garden. Your dealer has over 118 varieties of Pakro Seedtape and Seeds. Order your seeds to-day.

Don't delay this important matter of your War Garden. Go to your dealer to-day and get your War Garden from this case of dependable Pakro Seedtape and Seeds.

NOTHING else matters now. We are face to face with the burning, vital question, *will the line hold?* Civilization hangs upon the answer. The very life of our Republic is at stake.

They are *there* now---our boys---the sons we fathered, the brothers we loved, the lads we worked with and played with. In that hideous, raging hell of steel and flame and poison gas, they stand---the barrier between us and the destruction of all that is worth the having.

Will the line hold? YES---If you do *your part*---YES!

You form the second line, you men and women and children of America. Without your support, the first line falls. *You* must supply the money for those supplies and munitions the lack of which will send our men to disaster and death, our flag to shameful defeat.

Buy Bonds of the Third Liberty Loan

Buy them today! Pledge yourself for every penny you can wring from your daily needs. Don't make our men over there feel what the Russian soldiers felt---that the very people they were fighting for had abandoned them. And from a money standpoint, you are buying the safest security the world offers today. The United States is behind these bonds. Every railroad, every factory, farm and homestead, every income or salary, stands for collateral.

The day Liberty Bonds become worthless, everything else in America will have lost its value, for everything we have is behind them.

If you can't pay cash for your bonds, you can borrow a part of the money at your bank, using the bonds as security: or you can buy them at your bank on easy partial payment plan. It is no trouble to buy Liberty Bonds---it is no trouble to pay for them. See your banker today.

MAY REGISTER ALL MEN
BETWEEN 18 AND 50 YEARS.

President Wilson has now before him for approval or disapproval a plan for the registration of all men between the ages of 18 and 50. The men will be registered for eventual military service of either direct or an indirect nature, providing the president approves the scheme. The plan has received the tentative approval of Maj. E. H. Crowder, provost marshal.

At the present time there is very little probability the president will approve the plan, even though it is said unofficially that the general staff of the army would applaud such action on his part. Approval of the plan would precipitate a bitter fight in Congress.

The plan would mean virtually the first step in the conscription of labor, whether it would be termed "conscription" or by some other term. And the stage has not yet been reached where the government officials think the president would approve any plan which would mean eventual conscription of labor. The factors which have caused the suggestion for registration of men between these ages are the demand for labor and the scarcity of labor and the possibility that a great number of soldiers will be needed at some future date.

If President Wilson approves the proposed legislation, laborers could be shifted from one industry to another, the possibility of strikes would disappear, and men without unusual occupations could be forced to work.

RAIN AND COLD WEATHER
RETARD FARM OPERATIONS.

The heavy rains of last week have greatly retarded farm work in this section. An unusually heavy rain fell Friday night, accompanied by wind and considerable hail, and followed by very low temperatures. It is thought that considerable corn will have to be replanted; also, some of the early cotton. The weather has been anything but favorable for growing crops.

THE COURTHOUSE FLAG.

The petition which was circulated some weeks ago by Jailer C. A. Murchison was headed in this manner: "We the undersigned, give the amount set opposite our names for the purpose of raising and erecting OLD GLORY (our flag) at the Court House of Fulton county, and if there are any funds left after erecting the flag, then the balance is to go to the Red Cross." The county Jailer collected a total sum of \$30.00. The expenses were as follows: Rope \$3.00, Flag \$11.20, labor \$7.50, pipe and pulley \$1.10, a total of \$22.80. The balance, \$7.20, was paid into the hands of the Chairman of the Hickman Red Cross.

SILVER BILL PASSES.

The administration silver bill, introduced by Senator Pittman of Nevada, providing for the withdrawal from the treasury of \$350,000,000 in silver dollars to be melted into bullion to meet foreign trade balances, was passed Tuesday by the senate without roll call and after brief debate. The bill goes to the house.

Any maker may claim for his product all the qualities there are. That is his privilege. He may even think his claims are justified.

You read the advertisements, so you know that makers, as a rule, are not over modest in that regard.

If you believe them all, they all make super-cars.

In your experience, that theory doesn't hold.

Maxwell is different.

We never claim anything we cannot prove.

As a matter of fact we never have claimed anything for this Maxwell that has not already been proved in public test and under official observation.

Maxwell claims are not therefore claims in the ordinary sense—they are statements of fact—proven facts.

They are, in every case, matters of official record attested under oath.

For example: The famous 22,000-mile Non-Stop run was made with the Maxwell every minute under observation of the A. A. A. officials.

That still remains a world's record—the world's record of reliability.

That particular test proved about all that anyone could ask or desire of a motor car.

Among other things it still stands the world's long distance speed record.

Just consider—44 days and nights without a stop, at an average speed of 25 miles per hour!

And that, not by a \$2,000 car, but by a stock model Maxwell listing at \$825.

You will recall perhaps that a famous high powered, high priced six in a transcontinental trip made 28 miles average over a period of five days and eleven hours.

Now compare those two feats—one of less than six days, the other of 44 days. You know automobiles—which was the greater test?

Is there any comparison on grounds either of speed or endurance?

Proves you don't need to pay more than \$825 to obtain all the qualities you can desire in a motor car—if you select a Maxwell.

For that Maxwell Non-Stop run was made, not on a track but over rough country roads and through city traffic—average of all kinds of going.

And—listen to this.

So certain were we of the condition of the Maxwell at the end of that great feat, we announced that at the stroke of eleven on a certain morning, the car would stop in front of the City Hall, Los Angeles, for the Mayor to break the seal.

Five seconds after he had pulled the switch plug and stopped the motor after the 44 days and nights continuous running, she was started again and off on a thousand mile jaunt to visit various Maxwell dealers.

How is that for precision—certainty of action? That incident brought a storm of applause from the assembled thousands.

Hill climbing?—this Maxwell holds practically every record worth mentioning—especially in the West where the real hills are.

The Mount Wilson record—nine and one-half miles, 6,000 feet elevation!—was taken by a stock Maxwell.

Two months ago a 12-cylinder car beat that record by two minutes.

Then—three days later—a stock Maxwell went out and beat that 12-cylinder record by thirty seconds! Pretty close going for such a distance and such a climb—wasn't it?

So Maxwell still holds the Mount Wilson honors.

Ready to defend it against all comers too, at any time—a stock Maxwell against any stock or special chassis.

Economy—also a matter of official record.

Others may claim—Maxwell proves.

Thousands of Maxwell owners throughout the United States on the same day averaged 29.4 miles per gallon of gasoline.

Not dealers or factory experts, mind you, but owners—thousands of them—driving their own Maxwells.

Nor were they new Maxwells—the contest was made by 1915, 16, and 17 models, many of which had seen tens of thousands miles of service—three years' use.

Nor could they choose their own road or weather conditions—all kinds were encountered in the various sections of the country.

Good roads and bad—level country and mountainous regions—heat and cold—sunshine and rain—aspalt and mud.

And the average was 29.4 miles per gallon!

There's economy for you. And under actual average driving conditions—not laboratory test.

But that isn't all.

The greatest achievement of this Maxwell was in its showing of speed and reliability and economy all in the same run.

In that 44 days-and-nights Non-Stop run, though no thought was given to either speed or economy, it still remains a fact of official record that the Maxwell averaged 22 miles per gallon and 25 miles per hour.

Now you know that speed costs—and that economy tests are usually made at slow-speed—closed-throttle, thin-mixture conditions.

You know too that you can obtain economy of fuel by building and adjusting for that one condition.

Speed you can get by building for speed. Any engineer can do that.

But to obtain that combination of speed and economy with the wonderful reliability shown in that 44-days Non-Stop run—that car must be a Maxwell.

BUT, ARE THEY WORTH IT?

On or before January 1, 1919, owners of dogs in Fulton county shall apply to County Clerk Henry for a license for each dog they own or keep in their possession. A fee of \$1 shall be paid for the first male dog, \$2 for the first female dog, and a fee of \$2 for each male and a fee of \$4 for each female for which license is applied subsequent and in addition to the first male or female license.

The ship builders who can't work for \$6 to \$8 a day, will be lucky to get two bits after the war if they don't put it over.

STOP that Indigestion

Your stomach—does it ever bother you? That's a sure sign something's wrong—indigestion, constipation, lazy liver, clogged kidneys, impure blood. Nature is warning you, and you had better heed the warning.

Nature not only warns us, but also provides the remedy. There are eight great herbal remedies that give positive relief in all kinds of indigestion. These have been combined into one great nature medicine—Vin Hepatica, the universal system purifier.

L. F. Sweeney, a Nashville traveling man, broke down as a result of the meals he was forced to eat on the road. Indigestion and constipation of the worst kind caused him untold suffering. Vin Hepatica restored him and as he puts it, made him "fit as a fiddle."

Vin Hepatica is surely a matchless tonic for regulating the bowels and building up the entire system. Try a bottle on our say so that it is a real medicine.

The War Savings Stamp Will Prove
the Last Straw

DRIVES DO NOT CONFLICT

Liberty Bonds and Thrift Stamps
Supplement Each Other

to More Conflict in Two Campaigns
Than Between Superdreadnoughts
and Destroyers—Object of
Both is to Finance War.

Louisville, Ky.—Instead of the Liberty Loan campaign and the War Savings movement conflicting they really supplement each other.

The Liberty Loan campaign and the War Savings movement are no more rivals than the superdreadnoughts and the destroyers of our navy are rivals. The Liberty Loan and War Savings Stamps are two forms of the same financial operation of the United States Government. They were authorized by the same vote of Congress and are intended to supplement each other. They are both of paramount importance to the financing of the war. The Liberty Loan campaign is primarily to obtain the many billions of dollars necessary toward paying the expenses of war and lending to our allies.

The peculiar significance of the War Savings movement is to teach the nation to save and to invest its savings in War Savings Stamps in order that the Government may not merely get money, but spend this money for the support of the army.

Successive Liberty Loan Bonds will be sold in campaigns at intervals. The War Savings campaign will last throughout the year—no doubt until the war is over. It aims to develop habits of thrift that shall make the sales of stamps cumulative. And the person of limited means who invests a few War Savings Stamps does his share as well as the wealthier man who buys a quantity of Liberty Loan bonds. Millions who could not afford to invest in Liberty bonds will be able to help by investing in War Savings Stamps. The two campaigns are, in reality, but one—that of financing for victory.

SCHOOLS DO GOOD WORK

Louisville, Ky., April 1, 1918.
Mr. J. B. Mantle, Secretary Jefferson County, War Savings Committee, 611 Columbia Building, Louisville, Ky.

My dear Mr. Mantle:

I have the honor to report to you that the War Savings Societies in Louisville public schools number 637. A few are yet to be organized. We have been in operation approximately three weeks, and during that time have sold Thrift Stamps and Baby Bonds amounting to \$11,534.00. I believe that every school has done its best, and that this work will continue at high speed throughout the year. The schools that have contributed 500.00 or more are listed below:

Girls High School\$2,628
George Rogers Clark School 830
Formal School 590
George W. Morris School 550
Longfellow School 519

We feel that special congratulations are due to the Girls High School with its amount totaling \$2,628, and to the George Rogers Clark School which leads the elementary schools of the city with a total of \$830. It is true that many of the smaller schools may have done quite as well if we consider the average amount sold. For the months of April we shall have computed the average amount sold on the basis of the average number beginning. This will make a fair comparison between all schools.

Yours truly,
O. L. REID,
Superintendent.

BOURBON OUT IN FRONT

Blue Grass County Leads State
in Thrift Stamp Drive

Chairman S. E. Bedford Has Made
Fine Record and People Have
Come Forward in Pleading
and Commendable Way.

Paris, Ky.—A Bluegrass county, Bourbon, holds the record so far in Kentucky, size, population and quota considered, in the sale of Thrift Stamps and War Savings Stamps. Chairman S. E. Bedford has reported to State Headquarters at Louisville that his organization has disposed of \$100,000 worth of Stamps. Its quota is \$349,240, and the Bourbon organization is planning to have all of this amount either sold outright or before the Third Liberty Loan campaign is finished in his section of Kentucky.

The Paris Kentuckian-Citizen, which is actively co-operating with Mr. Bedford and his organization in this great war activity, has the following article with reference to the campaign in Bourbon:

"Fifty-nine Bourbon county people have been enrolled in the one thousand dollar War Savings Stamp Club as a result of their subscribing for the maximum of stamps permitted by the United States Government.

"Other persons have liberally subscribed for War Savings Stamps in amounts from five to five hundred dollars each and as a result Chairman S. E. Bedford has disposed of more than one hundred thousand dollars' worth of War Savings Stamps through his working committees distributed in Bourbon county. "Bourbon county's allotment of War Savings Stamps is \$349,240, and our people must hurry themselves a bit and subscribe quickly for the stamps remaining unsold.

"In the War Savings campaign Bourbon people, rich and otherwise, have come forward with their subscriptions to this gift edge investment in a most pleasing and commendable way, for all of which County Chairman Bedford and the members of the precinct committees are highly appreciative. However, the unsold War Savings Stamps must be sold before the next issue of Liberty Loan Bonds, which will be offered to the public in April.

Get busy you patriotic and liberty-loving people of Bourbon. Call on some member of the committee and buy liberally of the War Savings Stamps, the best and most desirable investment obtainable today. Do your duty now—don't wait until members of the County Committee, all busy business men, look you up to beg you to do your patriotic duty."

HAVE A THRIFT POCKET

A thrift pocket is a character builder—it tests your capacity to resist. You will find it as alluring as the penny bank you once had on the mantelpiece. Select the pocket—any one will do—and then select the coin. Suppose your "thrift coin" is a nickel. Every nickel you get goes into the thrift pocket. You can not borrow from the thrift pocket nor lend from it. Experience proves that it isn't wise even to make change from it, and that it is a failure if you are not honest, scrupulously honest, with it. Every time it gets over-heavy, put it into Thrift Stamps. Thrift Stamps are light.

WIFE TELLS EXEMPTION BOARD
TO 'TAKE HIM AND WELCOME'

BOZEMAN, Mont.—A novel case that has come before the Gallatin County Exemption Board is that of a married man of draft age who could not read and who asked his wife to write a note to the board stating that his family was dependent upon him.

Here is the note that the wife wrote and the husband presented to the board:

"Dear United States Army—My husband ask me to write you a recommend that he supports his family. He cannot read so don't tell him. Jus take him. He ain't no good to me. He aint done nothing but drink lemmon essence and play a fiddle since I married him eight years ago and I gotta feed seven kids of him. Maybe you can get him to carry a gun. Hes good in squirrels and eatin. Take him and welcome. I need the grub and his bed for the kids. Don't tell him this but take him."

TO FIX COTTON PRICE.

A bill to fix the maximum price for raw cotton, when sold by the producer or dealer to the manufacturer, at 20 cents a pound during the war, was introduced Friday by Representative Emerson, Ohio. It proposed that the president may reduce or raise the price in his discretion.

There is an old saying: "A pound of cotton for a pound of meat." If this may be taken as a fair criterion or relative basis for valuation of cotton, then the proposed price is all out of reason. Cotton cannot be grown now at ante-war prices; it costs like smoke to produce cotton today, and this bill would certainly give the cotton grower the hot end of a bad deal. Cotton men should insist on their senators and representatives pulling for a higher maximum.

Catarhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. HALL'S CATARRH MEDICINE acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by HALL'S CATARRH MEDICINE. Circulars free. All Druggists. 75c.

FRIDAY "LIBERTY DAY."

Friday, April 26, will be Liberty Day throughout the United States under a proclamation issued by President Wilson calling on citizens of every community to hold Liberty Loan rallies and "liberally pledge anew their financial support to sustain the nation's cause."

Patriotic demonstrations similar to those on the opening day of the campaign will be held April 26, and the day devoted to giving the race toward the \$3,000,000,000 war credit a new impetus for the final week.
